

## BECOME A VOLUNTEER

Volunteers are always needed to train for and assist with emergency response to both small and large scale disasters. We offer training and testing for anyone interested in joining the team.

## DISASTER RESPONSE

The CAART Animal Rescue Team works in partnership with SHAWNEE COUNTY EMERGENCY MANAGEMENT to help animal welfare and public safety professionals prepare, plan, respond and recover from animal related disasters in our area.

### THE GOAL..

We are a non-profit organization of volunteers dedicated to a professional response for animals in crisis situations and to provide professional training to all individuals interested in animal related emergency response. Our goals are accomplished by hands on animal rescue and care during natural or manmade disasters.

## HOW WE HELP DURING EMERGENCIES

Through its volunteer-driven animal rescue team, CAART shelters and cares for animals displaced by disasters and other crises.

Our team of trained volunteers are able to respond to all types of animal related disasters, providing additional resources to individuals in affected areas.

## EDUCATING THE PUBLIC

As part of our continued crisis and disaster planning, we offer free seminars in an effort to educate citizens on the planning and preparation for their pets during emergencies.

### 2 KEY QUESTIONS TO ASK YOURSELF

1. How will I safely transport my pets in an emergency?
2. Where will I keep my pets when I evacuate?
